Siege Shield: When making ranged attacks with its demolisher cannon, this model can target enemy units within Engagement Range of it (provided no other friendly units are also within Engagement Range of that enemy unit). In addition, when making ranged attacks, this model does not suffer the penalty to its Hit rolls for being within Engagement Range of one or more enemy units.

CHAOS VINDICATOR

Vindicators are brutal siege tanks, capable of single-handedly pulverising trench networks along with their defenders. A Vindicator's demolisher cannon fires gigantic shells that can tear ragged holes in bastion walls, likened by its accompanying heretics to the crumbling faith of loyalists.
