DARK REAPERS

Dark Reapers unleash firestorms with their long-ranged Reaper launchers, whether using infantry-shredding starswarm missiles or armour-piercing starshot variants. These salvos are chillingly accurate, thanks to advanced targeting systems but also the Reapers' armour, which anchors them firmly to the ground while they fire.

WARGEAR OPTIONS

- The Dark Reaper Exarch's Reaper launcher can be replaced with 1 of the following:
 - 1 Aeldari missile launcher
 - 1 shuriken cannon
 - 1 tempest launcher

UNIT COMPOSITION
