ABILITIES

CORE: Deadly Demise D3, Firing Deck 11

Fortification: While an enemy unit is only within Engagement Range of one or more **FORTIFICATIONS** from your army:

- That unit can still be selected as the target of ranged attacks, but each time such an attack is made, unless it is made with a Pistol, subtract 1 from the Hit roll.
- Models in that unit do not need to take Desperate Escape tests due to Falling Back while Battle-shocked, except for those that will move over enemy models when doing so.

Tidewall Cover: Each time a ranged attack is allocated to a model, if that model is not fully visible to every model in the attacking unit because of this **FORTIFICATION**, that model has the Benefit of Cover against that attack.

TIDEWALL GUNRIG

These mobile anti-grav gun turrets mount railguns whose hypersonic rounds can stop even super-heavy war engines dead in their tracks. They form deadly fire points around which Tidewall Shieldlines and droneports are arrayed into full defence networks – floating fortresses that can reposition at need to funnel and slaughter the foe.
